Dear Mr. McKay:

I cannot tell you with what regret it was that I did not receive your letter of 29 September until Friday, 3 October. Unfortunately I only drop in on Box 510 once or twice a week and thus missed your letter until too late to do anything about it.

I know that Admiral Hillenkoetter would have been most happy to talk with you and renew his acquaintance. Captain McCollum was also very disappointed not to have seen you. I hope that you will soon again be in Washington and will write to me or directly to the Admiral in advance so that we may be sure not to miss you again. The above address is the correct one.

Please again accept my apology for not collecting your letter until the day after you had been here. With kindest regards.

Yours very truly,

Walter L. Pforzheimer
